Dear Pro-Life Friend,

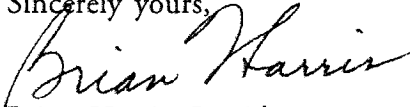

I am writing to urge your support for one of Tennessee's strongest pro-life candidates for the State House, Jimmy Eldridge. Of the many candidates seeking public office this fall, I am convinced that Jimmy has the knowledge, concern and ability to articulate the pro-life position with great effectiveness.

Jimmy is running to fill the 73rd House seat previously held by a pro-abortion advocate. The gain of this seat would be a giant step forward in building a pro-life majority in the State House where our recent efforts have been defeated by the narrowest of margins. In January we must continue our efforts to restore protections for the unborn and we need pro-life leaders like Jimmy there to help us.

Jimmy is a member of Tennessee Right to Life and has been unfailing in his consistent pro-life support. In short, he is one of us. I appreciate your consideration and support of Jimmy Eldridge this Thursday.

If I can answer any questions regarding his strong pro-life credentials, call me toll free at 1-877-CHOOSE LIFE.

Sincerely yours,

Brian Harris, President
